***Dedicated in loving memory to  
George A. Miles  
1904-2000***

Founder of both Washington Bible College and Capital Bible Seminary, outstanding athlete, visionary, leader, civil engineer — these are all terms that describe the beloved first president of our school. Virtually every building on campus that was constructed since the purchase of the Lanham campus was designed by him. He was a “hands-on” president who could and would do anything required for the advance of the institution that he loved so much.

But these words do not tell the whole story. Many individuals knew George Miles for other reasons. Bible teacher, missionary, and evangelist are terms which begin to tell the full story of a true “renaissance” man. Here was a man who was a multi-gifted leader of incredible capacity. For forty years he guided this school, teaching the Bible, providing wise leadership, displaying boundless energy, inspiring missionary vision, and demonstrating unparalleled evangelistic zeal.

Because of his irreproachable example, his indefatigable love for the Savior, and his sterling leadership spanning over four decades, we lovingly dedicate the 2001 edition of Milestone. May many emerge from this school to carry the mantle of his leadership and example to the ends of the earth.

## Seniors

The class of 2001 at Washington Bible College was an enthusiastic group of students. Excitement about missions and being involved in student life were two distinct trademarks, especially this year. This first graduating class of the new millennium looks forward to being part of God's plan for the world as they seek to serve Him with all they are and have. What a privilege has been theirs to be WBC students these past four years!
